

Declaration of Consent

As part of veterinary treatment, the personal data and animal-related information required for this purpose will be processed. In addition, you have the option to consent to further data processing. Consent may be withdrawn at any time with future effect – for example, by emailing info@pferdeklunik-seeburg.de

☐ I consent to the personal data and animal-related data collected in the course of treatment (e.g. findings, treatment reports, X-rays or other imaging records) being transferred to other veterinary practices or veterinary hospitals, insofar as this is necessary for the further treatment, diagnosis or aftercare of my animal. I hereby release the treating vets and the veterinary hospital from their duty of veterinary confidentiality in this respect.

☐ I agree that the clinic may contact me by telephone, post, email, text message or similar means of communication to provide me with updates on current medical topics, information or offers that may be of benefit to me or my animal.

☐ I consent to photographs of my horse being published for public relations purposes (e.g. website, social media, print media). I am aware that content published on the internet is accessible worldwide and that, even after it has been deleted by the clinic, it may still be found by third parties.

Information on the processing of personal data is available both on a notice displayed in the clinic reception area and on our website.
